PSP/RTKL Request N° 2018-1146

Dear Mr. Maass:

On December 13, 2018, the Pennsylvania State Police (PSP) received your request for information pursuant to Pennsylvania's Right-to-Know Law (RTKL), 65 P.S. §§ 67.101 - 67.3104, wherein you wrote:

I hereby request the following records:

- 1) The names of agencies and organizations with which the Agency shares ALPR data;
- 2) The names of agencies and organizations from which the Agency received ALPR data;
- 3) The names of agencies and organizations with which the Agency shares "hot list" information;
- 4) The names of agencies and organizations from which the Agency receives "hot list" information;

This information is easily available within the Agency's LEARN system. The simplest way to extract this data is to generate an "Agency Data Sharing Report" PDF file from within LEARN. To do this, a user may simply go to the "Sharing" section of LEARN and select "Output Report." A CSV/XLS file containing these records would also satisfy this request.

The instructions for extracting this data is described on pages 62-63 of the LEARN Agency Manager Guide, which may be found at this link:

https://www.documentedcloud.org/documents/3860685-LEARN-5-1-Agency-Manger_Guide.html

An example of this record may be found at this link:

<https://www.documentcloud.org/documents/3936113-Palos-Verdes-Estates-Police-Department-Date.html>

A number of other agencies have regularly determined the above information constitutes a public record and have provided an "Agency Data Sharing Report." These agencies include:

Anaheim Police Department, Antioch Police Department, Bakersfield Police Department, Chino Police Department, Clovis Police Department, Elk Grove Police Department, Fontana Police Department, Fountain Valley Police Department, Glendora Police Department, Hawthorne Police Department, Irvine Police Department, Livermore Police Department, Lodi Police Department, Long Beach Police Department, Montebello Police Department, Orange Police Department, Palos Verdes Estates Police Department, Red Bluff Police Department, Sacramento Police Department, San Bernardino Police Department, San Diego Police Department, San Rafael Police Department, San Ramon Police Department, Simi Valley Police Department, and the Tulare Police Department.

We further request the following records

The aggregate number of "detections" (i.e. license plate scans and associated data) collected during 2016.

The aggregate number of detections collected during 2017.

The aggregate number of detections collected during 2018.

The aggregate number of "hits" (i.e. times that a plate on a hotlist was detected) during 2016.

The aggregate number of "hits" during 2017.

The aggregate number of "hits" during 2018.

This information is easily available within the Agency's LEARN SYSTEM. The simplest way to extract this data is to generate a "Dashboard Hit Ratio Report" PDF file from within LEARN. We would prefer the data for each year to be provided separately.

An example of this document may be found at:

<https://www.documentcloud.org/documents/3870802-Sacramento-PD-Hit-Ratio-Rpt-010112-051917-Redacted.html>

The instructions for extracting this data is described on pages 78-79 of the LEARN Agency Manager Guide, which may be found at this link:

<https://www.documentcloud.org/documents/3860685-learn-5-1-Agency-Manger-Guide.html>

The following agencies have regularly determined the above information constitutes a public record and have provided an "Dashboard Hit Ratio Report." These agencies include: Anaheim Police Department; Bakersfield Police Department; Chino Police Department; Clovis Police Department; Elk Grove Police Department; Fontana Police Department; Irvine Police Department; La Habra Police Department; Laguna Beach Police Department; Lodi Police Department; Sacramento Police Department; San Diego Police Department; San Ramon Police Department; and the Red Bluff Police Department.

The requested documents will be made available to the general public and this request is not being made for commercial purposes.

A copy of your request is enclosed. By letter dated December 20, 2018, you were notified in accordance with RTKL section 67.902(b) that PSP required an additional thirty days to prepare this final response to your request.

In response to items 2 and 4, your request is granted. The Pennsylvania State Police Auto Theft Task Force receives information from the National Crime Insurance Bureau (NICB). The PSP receives "hot list" information from the service provider of the ALPR system. The service provider is Secure Watch 24. Secure Watch 24 has licensing agreements for the ALPR units to obtain the hot list from Mission Critical 911, who is contracted through Penn Dot to provide the "hot list" for the ALPR systems.

In response to items 1, 2, the aggregate number of detections during the years of 2016, 2017, and 2018, and the aggregate number of "hits," during the years of 2016, 2017, and 2018, the PSP determined it does not have any records in its possession, custody, or control that respond to your request. A supporting verification confirming this assertion accompanies this final response letter. Pursuant to the decision in *Jenkins vs. Pennsylvania Department of State*, "It is not a denial of access when an agency does not possess records and [there is no] legal obligation to obtain them (see, e.g. section 67.506 (d)(1))." *Jenkins vs. Pa. Dep't of State*, Docket No. AP 2009-065 (available at, <http://openrecords.state.pa.us>). Please be advised that our office contacted the PSP Bureau of Criminal Investigation, Special Investigations Division, and the PSP Bureau of Patrol and were advised the PSP Auto Theft Task Force and the PSP Commercial Vehicle Safety Division (CVSD) do not share ALPR data with any agency or organization. Furthermore, The PSP Auto Theft Task Force and the PSP Commercial Vehicle Safety Division (CVSD) do not share "hot list" information. Lastly, the PSP does not retain any data collected by the plate readers; therefore, PSP would not have any data pertaining to the number of detections or "hits" for the years of 2016, 2017, and 2018.

To the extent that your request seeks or may be construed to seek records pertaining to covert law enforcement investigations, including, intelligence gathering and analysis, the PSP can neither confirm nor deny the existence of such records without risk of compromising investigations and imperiling individuals. Under No Circumstances, therefore, should this final response be interpreted as indicating

otherwise. In all events, should such records exist, they are entirely exempt from public disclosure under the RTKL and Criminal History Record Information Act, 18 Pa. C.S. §§ 9101-9183.

In closing, you have a right to appeal this response in writing to the Office of Open Records, 333 Market Street, 16th Floor, Harrisburg, PA 17126-0333. The appropriate OOR appeal form is available for your use at, <https://www.dced.state.pa.us/public/or/appealformgeneral.pdf>. If you choose to appeal, you must do so within 15 business days of the mailing date of this response, and send to the OOR: 1) this response; 2) your request; 3) the reason or reasons why you think PSP wrongfully denied your access to the requested records. *(a statement identifying any flaws in the reasons provided above as to why a requester is not subject to access the requested records under the RTKL).*

If you have any questions, please feel free to contact our office at the telephone number listed below.

Sincerely,

Kim Grant

Enclosures: RTK Request, Tracking N° 2018-1146
Grant Verification

PENNSYLVANIA STATE POLICE
DEPARTMENT HEADQUARTERS

VERIFICATION OF
KIM GRANT
DEPUTY AGENCY OPEN RECORDS OFFICER

I, Kim Grant, Deputy Agency Open Records Officer of the Pennsylvania State Police (PSP or Department), am authorized to prepare this verification on the Department's behalf in response to PSP/RTKL Request N° 2018-1146. Accordingly, on this 22nd day of January, 2019, I verify the following facts to be true and correct, to the best of my knowledge or information and belief:

1. I am familiar with PSP/RTKL Request N° 2018-1146, which is attached to this verification.
2. Utilizing the information provided, I searched all Departmental databases, to which I have access, for evidence of any PSP records that may respond.
3. In response to items 2 and 4, the requestor was advised, the Pennsylvania State Police Auto Theft Task Force receives information from the National Crime Insurance Bureau (NICB). The PSP receives "hot list" information from the service provider of the ALPR system. The service provider is Secure Watch 24. Secure Watch 24 has licensing agreements for the ALPR units to obtain the hot list from Mission Critical 911, who is contracted through Penn Dot to provide the "hot list" for the ALPR systems.
4. In response to items 1, 2, the aggregate number of detections during the years of 2016, 2017, and 2018, and the aggregate number of "hits," during the years of 2016, 2017, and 2018, PSP determined that it does not have any records responsive to the RTKL request in its possession, custody, or control.
5. The requestor was advised that our office contacted the PSP Bureau of Criminal Investigation, Special Investigations Division, and the PSP Bureau of Patrol and were advised the PSP Auto

Theft Task Force and the PSP Commercial Vehicle Safety Division (CVSD) do not share ALPR data with any agency or organization. Furthermore, The PSP Auto Theft Task Force and the PSP Commercial Vehicle Safety Division (CVSD) do not share "hot list" information. Lastly, the PSP does not retain any data collected by the plate readers; therefore, PSP would not have any data pertaining to the number of detections or "hits" for the years of 2016, 2017, and 2018.

I understand that false statements made in this verification are subject to penalties of 18 Pa. C.S. § 4904, relating to unsworn falsification to authorities.
